Warning Concerning Copyright Compliance

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purpose in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgement, fulfillment of the order would involve violation of the Copyright Law.

I understand that the material I request may be subject to copyright restrictions (Title 17, U.S. Code). I hereby authorize the Medical Libraries of the Indiana University School of Medicine to process all requests submitted by myself.
