

Ruth Lilly Medical Library's

Information and Technology Series:

Self-Tracking (Quantified Self) and Trends in Health Care

Presented by:

Gabe Rios, MLS

Ruth Lilly Medical Library

July 27th, 2016 from 3:00 –4:00pm

Medical Library - IB 207

At the conclusion of the presentation the participant should be able to:

- Identify how QS technology could assist in the management of chronic diseases in their patients
 - Summarize the data points collected by QS technology
- Identify examples of QS technology tools on the market for consumers
 - Describe issues with using QS technology in clinical practice

Accreditation Statement: The Indiana University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement: The Indiana University School of Medicine designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Faculty Disclosure Statement: In accordance with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support, educational programs sponsored by Indiana University School of Medicine (IUSM) must demonstrate balance, independence, objectivity, and scientific rigor. All faculty, authors, editors, and planning committee members participating in an IUSM-sponsored activity are required to disclose any **relevant financial interest or other relationship** with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity.

A determination has been made that the content of this CME activity is not related to the products or services of an ACCME-defined commercial interest. As a result, there are no relevant financial relationships to identify and no conflicts of interest to identify or resolve, per Standard 2.1 of the ACCME guidelines. **Commercial**

Support: This CME activity does not have any commercial support.
